

VISIONARY MARIN

Marin Society of Artists 100th Anniversary

Special 2027 Art Exhibition at the Civic Center

Show Dates: January 11 to March 5, 2027

Opening Reception: Thursday, January 14, 5:00 - 7:00 PM

We are delighted to announce that the Marin Society of Artists will present an exhibition at the prestigious Civic Center Gallery in early 2027. This special exhibition will coincide with the celebration of the Marin Society of Artists' 100th Anniversary – a milestone that offers a unique opportunity to showcase the creativity, talent, and enduring legacy of our membership.

Displayed over a two-month period, the exhibition will be viewed by hundreds of visitors, employees, and community members who pass through the Civic Center each weekday, providing exceptional visibility for participating artists. We encourage our members to consider submitting their strongest and most inspiring work as we celebrate a century of artistic excellence and share it with the broader Marin community.

Please review this prospectus carefully as you prepare your entries for this memorable exhibition.

MARIN CIVIC CENTER SPECIFICATIONS FOR HANGING ARTWORK

DIRECTIONS FOR WIRING ARTWORK

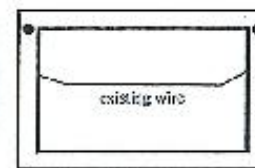

All venues where we install artwork use a wire hanging system. Please read these directions throughly so that we can hang your work sucessfully. Thank you.

There are no clip frames allowed in these exhibits.

Please prepare your artwork in one of these ways:

For wood frames:

Back

Side

- 1) Eye hooks or hinged hooks on the back, top two corners of the frame 2-3" from the top of frame. (note - hinged hooks are best. Less possible damage and they lie flatter on the artwork.)

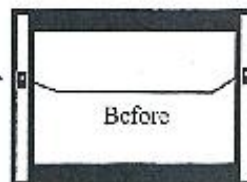

- 2) Jagged edge brackets on corners. Even small frames need 2 brackets to keep artwork level.

For metal frames:

Unscrew and run the brackets that are built into the frames to within 2 - 3" from top of frame.

Please be sure keep any existing wires on the back of your pieces. We cannot hang from the existing wires and eyehooks if they are more then 2" from the top of the frame because the artwork will tip out causing a shadow on the artwork.
